Reading, Writing & Exploring
 Elements of Poetry

MATH

2-D & 3D Shapes

square, rectangle, circle, rhombus, triangle, hexagon, cube, sphere, rectangular prism, cylinder, cone, triangular prism

Science

Living and Nonliving
 Interdependence in
 Environments

Miss Nelson's Corner

Hello! What a great week! In reading and writing we continued to learn about poetry. Our class created wonderful graphic poems and sensory poems during Writer's Workshop. During math we have been learning all about 2 D and 3D shapes. I hope everyone has a fun and safe Spring Break. I look forward to seeing everyone back on the 21st.

SPRING BREAK IDEAS

Tangrams – Ms. Nelson and I are sending home foam tangrams and images the kiddos can create using their shapes. Discuss and use the 2-D shapes to create new ones.

GoNoodle – Get moving this spring break with GoNoodle! GoNoodle.com has hundreds of movement games and videos that get kids dancing, running, jumping, stretching, deep breathing, and more. We sent home a dice cube kiddos can make and roll to choose their movement activities!

Book It! – Spring Break is the perfect time to catch up on your reading logs! Check out PebbleGo, BookFlix, and YouTube for some great online reading!

Poetry – We have been making poems during language arts, we are encouraging our kiddos to write an extra poem or two to add to their poetry collections.

Ms. Martin's Links Page – is full of great websites your kiddo can explore to keep their mind moving and growing! Research shows children can regress their abilities after extended breaks away from school.
