Announcements

Snacks – Don't forget to send your child with snack daily. Crackers, fruit and granola bars are great brain food for mid-morning.

Guest Speakers – The next few weeks our class will have a unit of study on economics and jobs. We will be learning about jobs that provide goods and services, and I would love to have several of you come in and tell us about your work! The kids loving seeing any "tools" you use, finding out if you provide a good or a service and hearing about things you learned in school that help you in your job today. And they love hearing about all kinds of work, from being a stay-at-home parent to working in an office. A grandparent or other special person would also be welcome.

Presentations can be as short as you like or can last up to 30 minutes. Please consider coming in and sharing with your child and our class. We have also had some past parents share with the whole first grade. If you are interested in that option, please let me know.

Contact me if you are interested with the best time and day that works for both you and the class.
