Setting Up Writer's Workshop  
Narrative Writing

### MATH

Number Sense to 20  
Problem Solving  
Building Numbers through  
Games

### Science

Science Tools  
Science Safety

### Miss Cobio's Corner

I am excited to be completing my 3<sup>rd</sup> week at LOE as a student teacher. It has been great working with Mrs. Martin's class. I was not sure what to expect from interning at Live Oak, but it has been very welcoming and insightful. I had the opportunity to participate in the creation of our social contract. I thought it was a creative way to include the students in setting expectations for the classroom, as well as each other. I look forward to everything else that is in store for Mrs. Martin's Class.

## Announcements

**Open House/Back to School Night** – is coming soon! I will explain procedures, expectations and other good 1<sup>st</sup> grade information including great ways to support your young reader at home. This will also be a great time to sign up for PTA and schedule our fall conference. I hope to see everyone there!

**Mark Your Calendars** – Our first field trip is scheduled for October 14<sup>th</sup>. If you wish to attend please be sure to complete this 2016-2017's Volunteer Application form at <https://roundrockisd.org/volunteer/>. This application needs to be renewed every school year. Thank you for your support!

**Homework** – First grade requires at least 15 minutes of reading each evening. Reading logs will go home at the beginning of each month. Other than that, enjoy time together! We work hard here every day, so you can play hard at home. Go for a walk, cook dinner together, make a card for a neighbor, or solve math problems you make up – make memories!

**Science Safety Contracts** – went home today! I have attached a copy to the blog for your reference. Please be sure to read over it with your child and sign and return their safety contract in their folder as soon as possible. Thank you for your help and support with this!

**Social Contract** – As a part of a school-wide initiative, our class participated in creating our very own classroom contract. We collaborated and created a list of expectations we have for ourselves in our classroom, including expectations for the teachers/leaders of the classroom. We are proud of what we created and are dedicated to following through. You can see a photo of our contract on the blog!
