$$4 + 1 = 5$$

$$9 + 2 = 11$$

$$0 + 7 = 7$$

Etc.

Science

Types of Energy

Heat Energy, Light

Energy & Sound Energy

Announcements

Book It! – We had 7 students participate the month of October! I would like to have EVERY child participate this month. I do not require homework other than reading everyday for 20 minutes. You can record a book every time you read! It's easy and your child can earn themselves a free pizza! November's logs are due December 2nd.

Snacks – Please send your child with a healthy snack daily. I've had quite a few kiddos without snack this week. Any donations of crackers or dry cereal are always welcome.

Scholastic Book Orders – Go to scholastic.com/readingclubs to place your order. This is a great place to get a head start on Christmas Gifts!

Fridays are College Spirit Days – Our school is trying to support higher education and “more school after school”. Have your child wear some kind of college or higher education shirts or spirit on Fridays.

Library – check out is this Friday. Please send your child with their library books to refresh them. We will have our library lesson on Tuesday, Nov. 12th. Students can also bring their books to refresh on this day.

Energy Show and Tell – November 7th – Nov. 13th. Students are encouraged to bring an appropriate item or image of something from home that shows Heat, Light and/or Sound Energy. They need to know what the item is used for and what types of energy they produce. We will share at the end of each day listed above.
